Memorandum for: Executive Secretary, USIB
Room 7E25, Hdqs.

Proposed for 1972
we'll send you copies of the agenda each month

I propose for 1972 to discontinue the practice of keying Committee meeting schedules on target dates for approving General Surveys. The practice has tended to hurry coordination, in some instances at the expense of a proper resolution of differences of opinion among participating agencies. I propose also to disseminate in advance of our meetings a new-type agenda designed to stimulate useful discussion on matters of policy, planning, and product quality.

The attached agenda is for the 12 January meeting.

JOHN KERRY KING
Chairman, NIS Committee

Director, OBGJ
